**It is not necessary to return "NO-BID" packages for Underwater Obstruction Projects.**

**COMPLETION DATE:** The undersigned guarantees completion of project as per base bid in 60 calendar days from the date of 'Notice to Proceed'. If the contractor fails to complete work within the specified 60 days, the contractor may be assessed a penalty of 1/2% of the contract amount for each day work has not been completed. This will be at the discretion of DNR. The dollar amount of the penalty shall be deducted from the 90% payment once the project is complete. Work is considered complete once all obstructions have been removed or an attempt to remove all obstructions has been made and a suitable report is submitted to DNR. An extension of time may be granted if in DNR's opinion, weather conditions or other conditions beyond the contractors control forced a delay.

**IMPORTANT: IN ACCORDANCE WITH R.S. 37:2163A CONTRACTORS' LICENSE NUMBER MUST APPEAR ON THE BID OPENING ENVELOPE ON ALL PROJECTS IN THE AMOUNT OF \$50,000.00 OR MORE (AND \$1.00 OR MORE IF HAZARDOUS MATERIALS ARE INVOLVED). ALL BIDS NOT IN COMPLIANCE WITH THIS REQUIREMENT SHALL BE AUTOMATICALLY REJECTED AND NOT READ. FOR ANY BID SUBMITTED IN THE AMOUNT OF FIFTY THOUSAND DOLLARS OR MORE, THE CONTRACTOR SHALL CERTIFY THAT HE IS LICENSED AND SHOW HIS LICENSE NUMBER ON THE BID.** (Bids must be submitted under the name which the La. State Licensing Board for Contractors has issued the contractor's license. Do not submit under dba names)

Bid proposal form, information and specifications may be obtained from the Purchasing Section, Dept. of Natural Resources, P.O. Box 44362 (or 617 N. 3rd Street, 12<sup>th</sup> floor), Baton Rouge, LA 70802, or by calling 225/342-4535 or 225/342-5524.

No bids will be received after the date and hour specified. The right is reserved to reject any and all bids and to waive any informalities.

Bidders may attend the bid opening, but no information or opinions concerning the ultimate contract award will be given at the bid opening or during the evaluation process. Bids may be examined after 72 hours of the bid opening. Information pertaining to completed files may be secured by visiting the Department of Natural Resources during normal working hours. Written bid tabulations will not be furnished unless requested.

**NOTE: INCLUDE COMPLETE FIRM NAME AND RETURN ADDRESS ON THE BID RETURN ENVELOPE.**

**SIGNATURE AUTHORITY:** In accordance with L.R.S. 39: 1594 (Act 121), the person signing the bid must be:

1. A current corporate officer, partnership member or other individual specifically authorized to submit a bid as reflected in the appropriate records on file with the Secretary of State; or
2. An individual authorized to bind the vendor as reflected by an accompanying corporate resolution, certificate or affidavit; or
3. An individual listed on the State of Louisiana Bidder's Application as authorized to execute bids.

By signing the bid, the bidder certifies compliance with the above.

### **GENERAL CONDITIONS, INSTRUCTIONS, POLICIES AND PROCEDURES**

#### **ADDENDA:**

The contractor must attach all addenda to his bid or otherwise acknowledge the receipt of same.

#### **WITHDRAWAL OF BIDS:**

The contractor agrees that this bid shall be good and may not be withdrawn for a period of sixty (60) calendar days after the bid opening.

#### **AFFIDAVIT:**

Successful contractor shall be required to execute an affidavit attesting "THAT PUBLIC CONTRACT WAS NOT SECURED THROUGH EMPLOYMENT OR PAYMENT OF SOLICITOR" in compliance with Title 38, Section 2224.

#### **CONTRACT, FINANCIAL ASSURANCE:**

If the undersigned is notified of the acceptance of the above bid or bids, within thirty (30) days of the time set forth for the opening of bids, he agrees to execute a contract for the work accepted within ten (10) days after notice from the Dept. of Natural Resources.

The undersigned further agrees, if awarded the contract, to execute and deliver to the Dept. of Natural Resources prior to execution of contract, a Performance Bond with Power of Attorney or to deliver a Letter of Credit in an amount equal to 100% of the contract amount, all as outlined in Attachment 'A'.

Failure to execute a contract and provide Financial Assurance in the specified time may result in rejection of contractors bid. If rejected, the Agency has the option to award the contract to the next lowest bidder.

**RECORDATION CERTIFICATE:**

Contractor shall upon receipt of executed contract, financial assurance documents, and purchase order, record contract and financial assurance documents with the Clerk of Court in the parish in which the work is to be performed, obtain a Certificate of Recordation from the Clerk of Court and forward this Certificate immediately to the Department of Natural Resources. This certificate must be received before any invoices on this project can be processed. The expense for this is the responsibility of the contractor.

**PAYMENT:**

Upon satisfactory completion of the work, ninety percent (90%) of the Contract Price shall be paid to contractor.

**ACCEPTANCE:**

Upon completion of the work to the satisfaction of the Dept. of Natural Resources, a Notice of Acceptance of Work will be executed by the Dept. of Natural Resources and forwarded to the contractor for recording with the Clerk of Court in the parish in which the work has been performed. Contractor shall furnish to the Dept. of Natural Resources a Clear Lien Certificate from the Clerk of Court (to the owner along with final invoice) forty-five (45) days after recordation of acceptance. Upon receipt, final payment of ten percent (10%) of the Contract Price will be made.

**NON-DISCRIMINATION:**

The Dept. of Natural Resources does not discriminate on the basis of race, color, national origin, sex, disability, age or sexual orientation; and requires its contractors, subcontractors, and suppliers to comply with this commitment.

**MINORITY/WOMAN OWNED:**

If your organization is a Minority-Owned Enterprise, please send supporting documentation. This information is required for the purpose of reporting to Federal Funding Agencies. ## **Section 1**

## **INTRODUCTION**

The Louisiana Department of Natural Resources (DNR) seeks the removal of the list of underwater obstructions contained in the scope of work from their sites and disposal of same in a manner that complies with federal, state, and local regulations.

## **Section 2**

## **INSTRUCTIONS FOR BIDDERS/CONTRACTORS**

1. The bid price shall be submitted as a LUMP SUM quote for the complete scope of work including but not limited to:
  - Personnel
  - Management / Supervision
  - Equipment
  - Engineering
  - Mobilization and demobilization
  - Permitting
  - Logistics relating to personnel, equipment, or any other costs associated with support services
  - Materials and supplies
  - Weather and local interference
  - Disposal of recovered materials
2. Bidders are to note that their lump sum bid shall be inclusive of any and all qualifications, clarifications, and/or exceptions the bidder may have. Any qualifications, clarification, or exceptions may disqualify the bid.
3. All third party services utilized, equipment rented, or expendables used shall be paid directly by the contractor and included in the contractor's lump sum bid price.
4. Bidders shall submit the name, address, phone number, and Federal Tax I.D. number of each proposed subcontractor. Bidders shall also submit a description of the nature of the work and approximate dollar value of each subcontractor as well as what percentage of the total contract each subcontractor is performing.
5. DNR does not have a contractual relationship with any subcontractors. DNR is not obligated to pay or see that a subcontractor is paid for the work he performs. The contractor is responsible for their subcontractors acts or omissions.
6. Bidders are notified that no explosives shall be allowed while carrying out the scope of work.
7. Bidders shall submit their detailed proposed procedures to carry out the scope of work contained in this bid document. Failure to do so will result in bid being rejected.

8. The contractor is responsible for all mobilization and demobilization of personnel, equipment, materials, and supplies.
9. The contractor shall be responsible for the planning and execution of all removals and disposals described in the scope of work.
10. The contractor is responsible for the removal, testing, transportation and disposal of all hazardous and nonhazardous waste, equipment, and materials used or recovered in the scope of work in a proper and legal manner in compliance with all federal, state and local regulations.
11. No work outside the scope of the bid award may be performed unless approved by Change Order. See Section 3 for change order procedures.
12. The contractor shall be responsible for notifying the landowners of any property used for ingress and egress prior to the commencement of work. The contractor shall notify the landowners at least 24 hours prior to commencement of work.
13. If the contractor fails to commence work within the time specified in the 'Notice to Proceed', the contractor may either be assessed a penalty of 1/2% of the contract amount for each day work has not commenced or the bid will be awarded to the next low bidder. This will be at the discretion of DNR. The dollar amount of the penalty shall be deducted from the final payment once the project is complete. 'Commence work' begins when equipment is on the first obstruction location.
14. Once work commences, the contractor shall be responsible for submitting a daily report on all work performed. These reports shall be submitted to the Baton Rouge Office by fax or email each morning by 9:00 AM for the work performed the preceding day. Fax 225-342-2584. Email: [chris.sandoz@la.gov](mailto:chris.sandoz@la.gov)
15. Once work commences, there shall not be more than a 24 hour lapse in work without the written consent of the Commissioner of Conservation; with the exception of weekends if the contractor does not plan to work weekends. If an unauthorized lapse of 24 hours or more occurs, the contractor shall be assessed a penalty of 1/2% of the contract amount for each day work is not being performed. The dollar amount of the penalty shall be deducted from the final payment once the project is complete.
16. Contractor guarantees completion of project as per base bid within 60 calendar days.
17. Bidder shall have a valid contractor's license as required by the Louisiana State Licensing Board for Contractors.
18. DNR shall make available for contractors review any information that it has on the obstructions at their request.

19. DNR shall not be responsible for missing information required by the bidders.
20. Should it be determined at any time during removal work that site conditions vary significantly from those described in the bid proposal, the LDNR reserves the right to delete the site from the project and compensate the contractor for work performed up to the point the site was omitted from the project. This compensation shall be negotiated in good faith between the contractor and LDNR based upon reasonable industry standards or charges. In the event the price cannot be agreed upon, the Commissioner shall set a fair price for the work and materials at issue and his decision shall be binding upon all parties concerned.
21. Contractor agrees to indemnify and hold harmless LDNR from all liabilities and cost of defense obligations resulting from acts of negligence by the Contractor.
22. The role of the LDNR personnel during the removal activities is to ensure that work is being performed in accordance with the approved scope of work. LDNR personnel will not to provide any type of guidance or direction to the contractor or the contractor's subcontractors regarding the routes of ingress or egress to/from the site(s).
23. Contractors shall be responsible to ensure safe operations at all times and shall provide the proper materials, labor and equipment to safely perform the scope of work contained in this bid document. As the job requires, personal protective equipment for hearing, face, head, respiratory protection and fall protection shall be considered for use to protect personnel. Personnel and subcontractors should be properly trained in relation to their job duties. Additionally, pre-job safety meetings that include all affected personnel, including subcontractors, should be held to review responsibilities for the operations to be performed. Suitable fire-extinguishing equipment shall be on site during all operations. Telephone numbers, location, and other relevant information pertaining to availability of medical personnel, transportation, and medical facilities shall be available and a first aid kit shall also be on location. Any unsafe act/practice observed by an agent of the Office of Conservation during scope of work activities may result in the immediate cessation of work activities.
24. Any questions related to this bid shall be submitted in writing to the attention of Chris Sandoz by email to [chris.sandoz@la.gov](mailto:chris.sandoz@la.gov) or by fax to (225) 342-2584. Deadline for questions is close of business 15 days prior to bid opening. No other questions will be answered after this time.

### **Section 3**

### **CHANGE ORDER PROCEDURES**

A Change Order consists of additions, deletions, or other revisions to the scope of work and may be requested or initiated by the contractor or DNR. All requests for a Change Order shall be submitted in writing by the Contractor outlining specific factual conditions necessitating issuance of a Change Order. Oral communication shall not be acceptable except in the case of an emergency where the proposed work must be performed immediately. No work relating to the requested Change Order shall be performed without a properly executed Change Order signed by the Contractor and the Commissioner of Conservation or in the event of an emergency verbal authority being granted by the Commissioner.

Except in the event of an emergency, the scope of work and the price shall be entered on the Change Order form. In the event of an emergency, the contractor shall schedule a meeting with the Commissioner at the earliest possible time to discuss and agree upon a price for this change in work. Once a price is agreed upon, an Emergency Change Order shall be completed and signed by both the Commissioner and Contractor. In the event the price cannot be agreed upon, the Commissioner shall set a fair price for the work and materials at issue and his decision shall be binding upon all parties concerned.

Claims for extra compensation by the Contractor shall not be recognized and shall not be valid unless the Contractor has in his possession prior to the work being performed a properly executed Change Order form giving him the authorization to proceed with the extra work.

### **Section 4**

### **DEFINITIONS**

1. PROCEDURES: A detailed description of the work plan by which the contractor intends to carry out the scope of work.
2. LUMP SUM: A firm and inflexible quote that should allow for any foreseen conditions that may alter or change the projected intent, the like of but not limited to: procedures, schedules, methods, equipment, personnel, materials, logistics.
3. THE WORK: The scope of work described in this bid document and included in the lump sum price.
4. CONTRACTOR: The successful bidder to perform the scope of work described in this document.
5. SITE: The water bottoms and obstructions as described in the Scope of Work.
6. SUBCONTRACTOR: Any individual, firm, partnership, corporation, or combination of the two or more firms or corporations acting jointly, that are bound contractually to the contractor to perform portions of the work.

7. MOBILIZATION: The period of time that covers all activities and costs from the time the contractor and DNR agree to start the work until the time the work commences at the work site.
8. DEMOBILIZATION: The period of time that covers all activities and costs from the time the work is completed until the time all personnel, equipment, material, debris and the like have left the work site.
9. WEATHER DELAY: water conditions that are too rough to safely perform work.
10. HANG SITE: The location of a suspected obstruction.
11. UNDERWATER OBSTRUCTION: Any object(s) listed for removal.
12. PERMITTING: The process of securing authority to perform the work and access the work sites, including obtaining any and all federal, state and local permits (i.e. Coastal Use Permit) that may be required.
13. DNR: Department of Natural Resources

## **Section 5**

### **INFORMATION BIDDERS ARE REQUIRED TO SUBMIT WITH BID PROPOSAL**

1. This entire bid package.
2. Any addendum(s) related to this bid proposal.
3. Specific project procedures, with sufficient detail for DNR to determine if the procedure is acceptable, to carry out the scope of work. This must be set forth by the bidders, even if the same procedures as set forth in the bid proposal are utilized. If DNR determines the proposed procedures are not acceptable, then bid may be rejected.
4. List of subcontractors.
5. Work hours (ex. 12 hr work days, Monday thru Friday).
6. Specific list of equipment and personnel required to perform the scope of work. Any changes in equipment or personnel after contract is awarded must be approved by DNR. If DNR determines that the equipment and/or personnel is not adequate, then the bid may be rejected.
7. Only the successful bidder will be required to submit a current insurance certificate at the time the bid is awarded. The certificate must meet the requirements outlined in Attachment 'A'.

## **Section 6**

## **SCOPE OF WORK**

### 1. Project Description

To remove the obstructions at the specified locations and dispose of same in a proper and legal manner in compliance with all federal, state and local regulations. The area is a shallow lake and water level is critical. Depth usually ranges from three to five feet, so shallow draft equipment must be utilized. Equipment utilized (tugs, barges, etc.) should not damage water bottoms.

### 2. Pre-Removal Activities for Barges/Vessels

Prior to beginning any barge or vessel removal activities, the contractor shall assess the vessel contents to determine whether barges or vessels contain oil and/or hazardous materials. The costs of these assessments are to be included in the line item bid amount for each applicable site and assessment procedures are to be specified in the detailed contractor proposal. If oil and/or hazardous materials are determined to be present, the contractor may either (1) request to abandon removal efforts or (2) negotiate a price with DNR for the implementation of spill prevention and containment measures and the subsequent removal and disposal of oil/hazardous materials from the vessel. Under either scenario, the change order procedures specified in Section 3 must be followed. In no case shall the contractor initiate oil and/or hazardous materials removal without providing appropriate spill prevention and containment measures necessary to contain any oil/hazardous waste material that might be generated by the removal operations.

### 3. Removal Activities

Each area will be cleared of all obstruction debris to at least a 20' radius from the location given. The contractor shall allow for some variation in the description of each obstruction. However, if after removal efforts have begun, it is determined that the obstruction is not as described, unusual circumstances develop, or unforeseen conditions are determined to exist which would increase the cost of removal to an unreasonable amount, the contractor may either (1) request to abandon removal efforts or (2) negotiate a new price with DNR to remove the obstruction. Under either scenario, the change order procedures specified in Section 3 must be followed.

Divers will be on site during all obstruction removals and a DGPS will be used to locate all obstructions. If after performing diver search covering at least a 100 foot radius and contractor has made a reasonable attempt to locate an obstruction selected for removal but it can not be found, then contractor may abandon the removal effort for that obstruction.

### 3. Obstructions (SEE MAPS – ATTACHMENT ‘C’)

#### 4. Transportation of DNR Personnel

DNR may provide one (1) state representative to accompany CONTRACTOR during removal activities. Upon request, marine transportation for DNR representatives will be provided to and from nearest marina by contractor each day. Pickup and return times to nearest marina will be at the discretion of the state representatives.

#### 5. Contractor Reporting

After completion of work, a report must be submitted. The following information of each obstruction removed shall be included:

- (A) Description
- (B) Size
- (C) Approximate weight
- (D) Date removed
- (E) Location coordinates
