

APPENDIX S
REFERENCES

References

During this investigation, the following sources of information were reviewed, obtained, or otherwise utilized to develop this hydrogeologic evaluation.

1. Louisiana Department of Natural Resources - Office of Conservation records, data, maps, and regulations
2. Louisiana Department of Environmental Quality records, data, publications, and regulations
3. Louisiana Department of Transportation and Development records, data, and publications
4. Louisiana Department of Wildlife and Fisheries data and publications
5. Louisiana Department of Health and Hospitals data, records, and publications
6. Louisiana Geological Survey data, records, and publications
7. Journal of Sedimentary Resources data and publications
8. Journal of Geomorphology data and publications
9. Association of Ground Water Scientists and Engineers data and publications
10. Geological Society of America data and publications
11. Gulf Coast Association of Geological Societies data and publications
12. National Oceanic and Atmospheric Service data and publications
13. National Weather Service Data
14. Federal Emergency Management Association data and publications
15. United States Geological Survey data, maps, records, and publications
16. United States Corp of Engineers publications and data
17. United States Department of Agriculture publications
18. United States Environmental Protection Agency data and publications - Ground Water Center Region 6
19. Bureau of Economic Geology – The University of Texas at Austin publications
20. Publications from the Journal of Hydrology
21. Publications from the National Groundwater Association
22. Louisiana: Its Land and People, by Fred B. Kniffen and Sam Bowers Hilliard
23. Documents received from the law firm of Liskow & Lewis
24. Documents received from the University of Louisiana at Lafayette
25. Documents received from the Texas A&M University System
26. Expert Reports and other documents produced in connection with the litigation, including subpoena
27. Documents produced in connection with discovery in the litigation
28. ICON Expert Report and Restoration Plan for the Landowners, dated June 04, 2021
29. Wetland Delineation Report, CK Associates, LLC, dated October 31, 2022
30. Surveys by Registered Land Surveyors M.P. Mayeux Surveying and Boundary Consulting, L.L.C.
31. Soil Survey of Iberville Parish, Louisiana, USDA NRCS, June 1977, and updated via the online database
